(2) Have you already voted at the present election in this ward?

(3) Have you already voted at this general election in any other ward?

And the elector shall not be supplied with a ballot paper if he refuses to answer any of these questions and unless he answers the first question in the affirmative and the second and third question in the negative.

35. Ballot Paper and its Contents—The ballot paper to be used for the purpose of voting at an election shall contain a serial number and such distinguishing marks as the District Magistrate may decide.

36. Tendered Votes—(1) If a person representing himself to be a particular elector named in the electoral roll applies for a ballot paper or papers after another person has already voted as such elector, the applicant

(2) A tendered ballot paper shall be in Form 4 and shall, instead of being put into the ballot box, be handed over by such person to the presiding officer who shall thereupon take such person inside the polling compartment and shall in the presence of such person endorse it with the name of the candidate for whom such person desires to vote and also with the name of the elector, his serial number in the electoral roll and the name of the electoral area to which the roll relates. The Presiding Officer shall then place the ballot paper in a separate packet set apart for the purpose. At the end of the poll the packet containing all such tendered ballot papers shall be sealed. Such votes shall not be counted by the Returning Officer.

(3) The name of the ward, the name of the elector, his serial number in the electoral rolls and the name of the polling station to which the roll relates shall be entered in a list in Form 5 which shall bear the head "Tendered votes List". The person tendering such ballot paper shall sign his name or affix his thumb impression against the entry relating to him in that list.

37. *Challenged Votes*—(1) If any candidate, or polling agent declares and undertakes to prove that any person by applying for a ballot paper and claiming to be a particular voter has committed the offence of impersonation, the Presiding Officer shall require such person to enter in the list of Challenged Votes (which shall be in Form 6) his name and address or, if he is unable to write to affix his thumb impression thereto, and may further require such person to produce evidence of identification;

Provided that no action shall be taken by the Presiding Officer under this sub-rule unless a sum of ten rupees has been deposited in cash with the Presiding Officer by the candidate or such agent for each challenge he makes.

(2) If the person so challenged refuses to comply with such requisition, he shall not be permitted to vote. But if such person does so comply and on being questioned in the manner provided in rule 34 gives unqualified answer to the first question in the affirmative and to the other questions in the negative, he shall be allowed to vote after he has been warned of the penalty for impersonation.

(3) If the Presiding Officer after such inquiry on the spot as he thinks, if necessary, is of opinion that the challenge made by the candidate or his agent under sub-rule (1) is frivolous and has not been made in good faith, he shall direct the deposit made under sub-rule (1) to be forfeited to the Municipality concerned and his order in this respect shall be final.

(4) If the deposit made under sub-rule (1) is not forfeited under sub-rule (3) it shall be returned to the person by whom it was made after the close of the poll on the day on which

(5) The Presiding Officer shall in every case, whether or not the person challenged is allowed to vote, make a note of the circumstances in the list of Challenged Votes.

38. *Return of Ballot Papers by an Elector*—(1) If an elector after obtaining any ballot paper for the purpose of recording his vote decides not to use the same, he shall return the ballot paper to the Presiding Officer and the ballot paper so returned shall then be marked as "cancelled returned" and kept in a separate envelope set apart for the purpose and a record shall be kept by the Presiding Officer of all such ballot papers.

(2) If any ballot paper which has been issued to any elector for the purpose of recording his vote has not been put into the ballot box but has been left by the elector at the polling station it shall be dealt with in accordance with the provisions of sub-rule (1) as if it has been returned to the Presiding Officer.

39. *Delivery of Ballot Boxes to the Returning Officer after the close of the Poll*—The Presiding Officer of each polling station shall, as soon as practicable after the close of the poll, in the presence of any candidate or their polling agents who may be present, close the slit for insertion of ballot papers of each ballot box or, where the box does not contain any mechanical device for closing the slit, seal up the slit, and seal and secure all

the ballot boxes used at the polling station. He shall also make up into separate packets:—

41. *Appointment of time, place and date for the counting of votes*—(1) At an election in a ward where a poll is taken, the Returning Officer shall appoint a date which shall be as soon as practicable after the completion of the poll for the counting of votes and shall fix the place and time at which the votes shall be counted on the date so appointed.

(2) The Returning Officer shall give notice to such date, time and place in writing to all candidates.

(3) If, at the time so appointed for the counting votes, all the ballot boxes used at the poll have not been received by the Returning Officer, or if from an other unavoidable cause he is unable to proceed with the counting of votes, at the time and date appointed under sub-rule (1), the Returning Officer may postpone the counting to another date and time, and may fix, if necessary, another place for the counting of votes on the date to which the counting has been so postponed, and shall give notice thereof in writing to the candidates and their counting agents.

42. *Person who may be present at the counting of votes*—(1) The Returning Officer shall not allow any person to be present at the counting of votes except such persons as he may appoint to assist him in counting the votes and all the candidates and one counting agent of each candidate.

- (iv) The Returning Officer shall also satisfy himself that none of the boxes has in fact been tampered with. If any ballot box is found by the Returning Officer to have been tampered with or destroyed or lost, the Returning Officer shall postpone the counting of votes and shall follow the procedure laid down in Rule 44 and shall, after the fresh poll under that rule has been completed, recommence the counting on the date and at the

time and place appointed by him in this behalf of which notice has been previously given to the candidates and their counting agents.

- (v) If the Returning Officer is satisfied that all the ballot boxes used at the poll have been received and are in order he shall take up the counting of ballot papers contained in the ballot boxes. The counting of all the ballot papers contained in the ballot boxes allotted to the same candidate shall be completed before the counting of the ballot papers contained in the boxes allotted to any other candidate is commenced. As amongst the candidates, the counting of votes shall proceed in the order in which their names occur in the list of validity nominated candidates published in respect of the election.
- (vi) One ballot box shall be opened at a time and the mark or marks made in the box or in any of its component parts or attachments and the label containing the symbol affixed inside the box shall be checked. Thereafter the ballot papers shall be taken out from the box and arranged in convenient bundles and counted with the aid of persons appointed to assist in the counting of votes. The same procedure shall then be followed in respect of the other ballot boxes and the ballot papers contained therein. An account of the ballot papers found in each box allotted to each candidate shall be recorded in a statement in Form 8.
- (vii) The Returning Officer shall allow the candidates and their counting agents who may be present reasonable opportunity to inspect all ballot papers, which in the opinion of the Returning Officer are liable to be rejected but shall not allow them to handle those or any other ballot papers. The Returning Officer shall on every ballot paper which is rejected, endorse the word "Rejected". If any candidate or his counting agent questions the correctness of the rejection of any ballot paper, the Returning Officer shall also record briefly on such ballot paper the grounds for its rejection. A brief record shall be kept in Form 8 of the serial numbers of all ballot papers rejected and of such particulars as will identify the ballot box in which each such ballot paper was found.
- (viii) After the counting of all ballot papers contained in each ballot box has been completed by the Returning Officer and an account of such ballot papers has been recorded in Form 9, the Returning Officer shall cause all such ballot papers to be kept in a separate cover on which shall be indicated such particulars as will identify the ballot box in which such ballot papers were found, the name of the candidate to whom such ballot box was allotted and the name of the polling station and the number of the polling booth, if any, where such ballot was used.
- (ix) After the counting of the ballot papers contained in all the ballot boxes has been completed, the Returning Officer shall cause all the covers containing the ballot papers in support of each candidate to be placed in a separate packet and shall seal up all such packets and shall write on each such packet the name of the candidate in support of whom the ballot papers contained in such packet were cast and the name of the ward and the date of the election to which it refers. He shall also cause all ballot papers found in the ballot boxes of each candidate but rejected by him to be kept in a separate sealed packet.

(2) The Returning Officer shall as far as practicable proceed continuously with the counting of the votes and shall during any intervals when the counting has to be suspended keep the ballot papers, packets and other documents relating to the election sealed with his own seal and the seals of such candidates of counting agents as may desire to affix their seals and shall cause adequate precautions to be taken for their safe custody.

(3) After the counting of ballot papers contained in all the ballot boxes has been completed, the Returning Officer, shall record in the statement in Form 10 the total number of votes polled by each candidate.

44. *Fresh Poll in the case of destruction etc. of Ballot Boxes*—(1) If at any election any ballot box or boxes is or are unlawfully taken out of the custody of the Returning Officer or of any presiding officer, or is or are in any

way tampered with, or is or are either accidentally or intentionally destroyed or lost, the election to which such ballot box or boxes relate shall be void, but only in respect of the polling at the polling station or stations provided under rule 21 at which such ballot box or boxes was or were used and so further:

Provided that where a polling station has more than one polling booth and any such ballot box as aforesaid was used at one of such polling booths, the election to which such ballot box relates shall be void only in respect of the polling at the polling booth at which such box was used and no further.

(2) Whenever the polling at any polling station or stations (or at any polling booth) shall become void under sub-rule (1), the Returning Officer shall, as soon as practicable after the act or event causing such voidance has come to his knowledge, report the matter to the District Magistrate who will appoint a day for the taking of a fresh poll in such or every such polling station or in such polling booth, as the case may be and will also fix the hours during which the poll will be taken. The Returning Officer shall not count the votes cast at such election until such fresh poll shall have been completed.

(3) In every such case as aforesaid the Returning Officer shall take a fresh poll in such or every such polling station or in such polling booth as aforesaid on the day so appointed and the hours of polling so fixed by him in such manner as the District Magistrate may direct, and the provisions of these rules shall apply to every such fresh poll as they apply to the original poll.

45. *Grounds for rejection of ballot papers*—(1) A ballot paper contained in a ballot box shall be rejected if—

 - (d) the Returning Officer is satisfied that it is spurious ballot paper or that it has been so damaged or mutilated that its identity as a genuine ballot paper cannot be established.

(2) The decision of the Returning Officer as to the validity of a ballot paper contained in a ballot box shall be final subject to reversal on an election petition calling in question the election.

46. *Equality of Votes*—If, after the counting of the votes is completed, an equality of votes is found to exist between any candidates, and the addition of one vote will entitle any of those candidates to be declared elected, the Returning Officer shall forthwith decide between those candidates by lot, and proceed as if the candidate on whom the lot falls had received an additional vote.

47. *Declaration of candidate elected*—(1) When the counting of votes recorded in favour of each candidate in ballot papers contained in the ballot boxes has been completed, the Returning Officer shall, subject to the provisions of the foregoing rule forthwith declare the candidate to whom the largest number of valid votes has been given, to be elected;

Provided that upon the application of any candidate or his counting agent in that behalf, a total or partial recount shall be made before the Returning Officer may reject any such application as may appear to him to be frivolous or unreasonable recording at the same time the grounds for such rejection.

48. *Verification of Accounts submitted by the Presiding Officers*—The Returning Officer shall not open the sealed packets of the "tendered votes" or the marked copy of the electoral roll. He shall verify the accounts submitted by the Presiding Officers under rule 40 by comparing them with the statement prepared under clause (vi) of sub-rule (1) of rule 43 and with the number of the valid and the rejected ballot papers, the unused ballot papers in his possession and the tendered votes list, and shall then reclose and reseal each packet which has been opened by him and shall record on each packet the description of its contents and the name of the ward and the date of the election to which it refers.

He shall also permit any candidate or his counting agent to take a copy of or an extract from such return.

51. *Disposal of Election Papers*—(1) All papers relating to the election shall be retained under the custody of the District Magistrate until the termination of the next general election for the Municipality to which they relate and shall thereafter be destroyed subject to any direction to the contrary given by the District Magistrate or by a competent court or by a Tribunal.

(2) While in custody of the Returning Officer or the District Magistrate, the packet of ballot papers, whether valid, rejected or tendered and the marked copy of the electoral roll after having been once sealed shall not be opened and their contents shall not be inspected by or produced before, any person or authority except under the orders of a competent court or of a Tribunal.
